PROBLEM & RESEARCH

Stony Brook University

SEAWOLVES CINEMA VS SEANIMA

WHY ARE WE CHANGING THE NAME?

SEAWOLVES CINEMA

Seawolves Cinema is simply too long for users to pronounce and after doing some research, we noticed a trend in the entertainment platforms' names.

They are short and simple.
(Netflix, Hulu, Prime, HBO, Disney etc.) they are never this long.

SEANIMA

SEAnima is short, simple and up to the trend. It is a great catch phrase for the website and easier for users to remember.

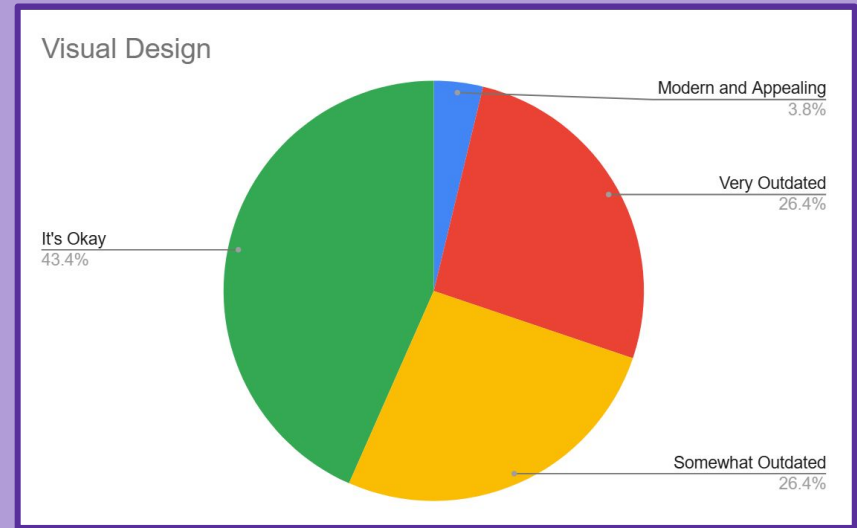

MODERNIZATION OF VISUAL DESIGN

Problem :

Outdated, not user friendly,
and unappealing design

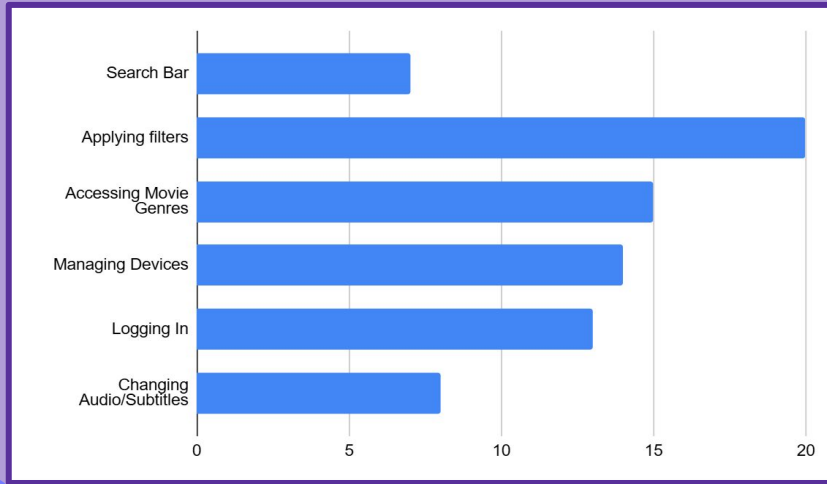

Solution:

Redesign user interface with
modern, clean aesthetic

IMPROVED USER EXPERIENCE

WHAT SPECIFIC FEATURES OR SECTIONS DO YOU FIND DIFFICULT TO USE OR CONFUSING?

Problem :

Difficult and confusing features with unclear signifiers and labelling

Solution:

Implement clear labelling and intuitive features and functions

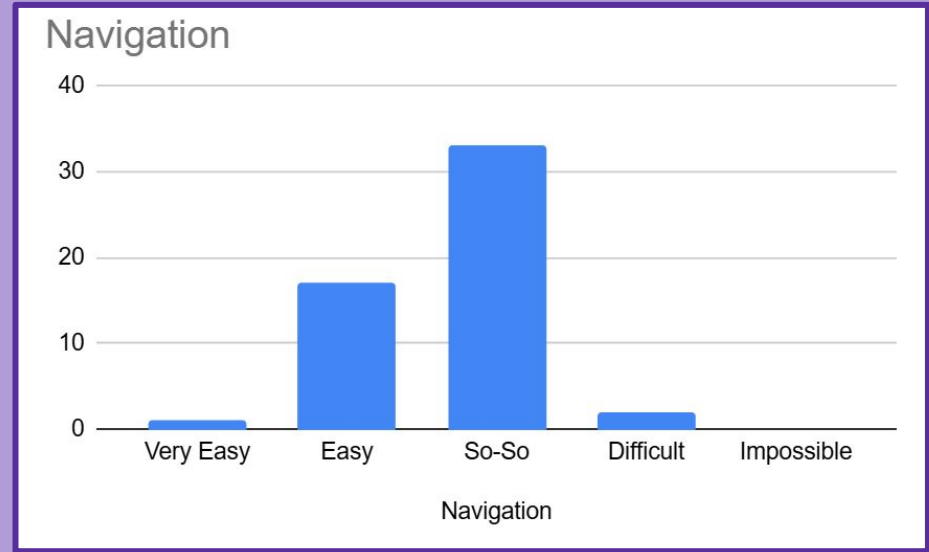

ENHANCED NAVIGATION

Problem :

Difficult in navigating the platform

Solution:

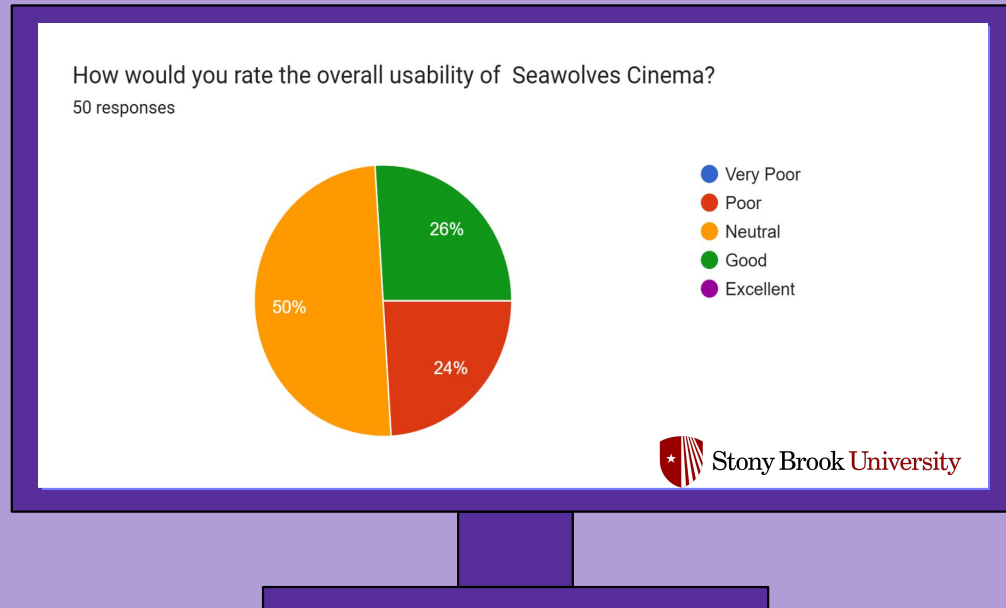

Implement intuitive navigation menus and clear labelling

USABILITY

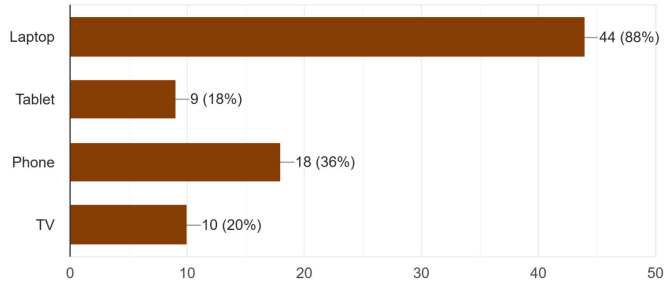

After conducting surveys, the results of students' responses about the overall usability of the current website is not outstanding

28% think its good, 24% find it poor but about 50% believe that it's neutral.

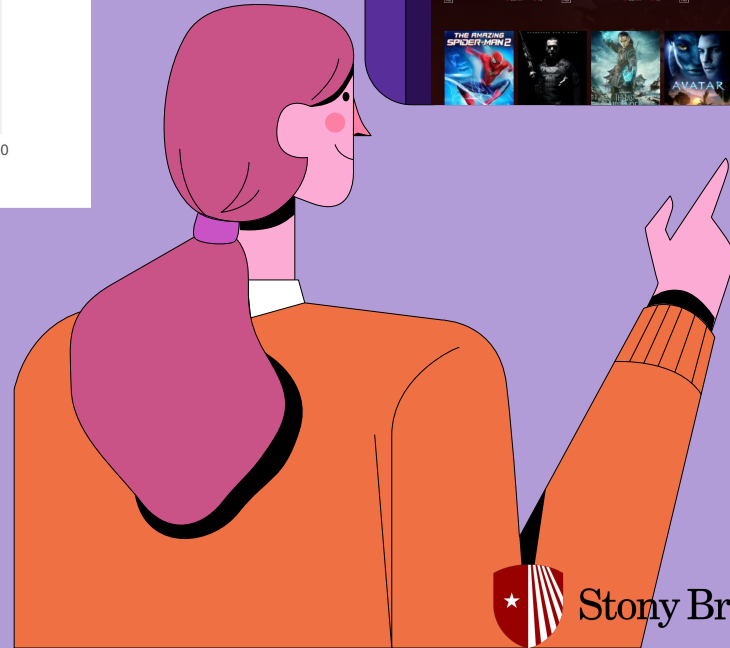

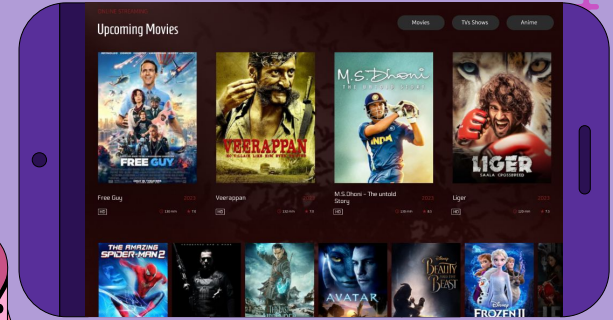

COMPATIBILITY

On which device(s) do you usually access Seawolves Cinema or other streaming platforms ?
50 responses

We aim to improve its compatibility to better function on smaller devices such as your phone or tablets so you can easily access and enjoy streaming SEAnima everywhere.

COMPETITORS

NETFLIX

HULU

DISNEY+

AMAZON PRIME VIDEO

When working on our project, we compared our product with more commonly used streaming platforms by our audience, university students. Through the comparison analysis, we were able to figure out what we wanted to keep/add/remove in SEAnima.

TAKEAWAYS

AESTHETICS AND FUNCTIONALITY

While visual design is important, better functionality was important to users.

REAL-WORLD APPLICATION OF DESIGN THINKING

Saw how theory translates into practice

MEASURING POTENTIAL IMPACT

Considering the future possibilities of SEAnima allowed us to consider long term benefits

VALUE OF VISUAL COMMUNICATION

Mockups and diagrams helped us clearly convey our ideas

COLLABORATION AND TEAM DYNAMICS

The value of clear communication and accountability

SELF-GROWTH AS DESIGNERS

More confident in applying design principles

RESULTS

We overall changed the layout of the website, incorporating features of well performing existing streaming sites, as well as making it more user friendly for SBU residents in efforts to increase the awareness and activity of the website across the campus.

The background is a solid purple color. It is decorated with various abstract geometric elements in orange and blue. In the top left, there are three orange plus signs and a blue vertical bar. In the top right, there are blue dots and a large orange vertical bar. In the bottom left, there are orange plus signs and a blue circle. In the bottom right, there are blue plus signs and an orange circle. The central text 'THANK YOU' is in a large, bold, orange sans-serif font. Below it, the text 'Any questions?' is in a smaller, orange sans-serif font.

THANK YOU

Any questions?
